EXPERIENCE

UNIQUE TREASURES

Five special treasures in the Salzkammergut and Salzburg City reveal new perspectives and promise valuable experiences around nature, culture and cuisine.

Back in imperial times, the SchafbergBahn funicular was already huffing and puffing up the steep mountain meadows towards the summit, while passengers on the Wolfgangsee-Schiffahrt ferries watched it from aboard ship. To this day, passengers never fail to be exhilarated by the experience, even though these remnants of the past have long since become powered by modern technology.

The same goes for our other treasures in the city of Mozart, Salzburg: the MönchsbergAufzug lift and the Festungsbahn funicular in the heart of this UNESCO World Heritage Site. Both went into operation in the 19th century, now carrying you in a matter of seconds onto the Mönchsberg where Hohensalzburg Fortress and the "Museum der Moderne" await. This forested city mountain is a true natural jewel with woodlands and meadows, secret paths and stone stairways, ruins and discrete stately homes. The WasserSpiegel museum on the Mönchsberg tells the story of Salzburg's drinking water supply from the Middle Ages to the present day.

TREASURES

THE SUMMITEER

Heavenly scenery with the SchafbergBahn cog railway

The SchafbergBahn – a masterpiece of mobility when it was inaugurated – is still the steepest cog railway in Austria. Now as then, the “Grande Dame of Cog Railways” excites people from around the world: One of the most famous attractions in the Salzkammergut, it offers excursioners a hugely enjoyable way to reach those high-alpine elevations, with fantastic scenery and unforgettable mountain experiences guaranteed. The ride on the SchafbergBahn to just below the 1783 m high summit takes about 35 minutes, and you might wish it would last even longer considering the imposing views this cog railway treats you to along the way. With every vertical meter and every bend, your perspective of the world changes. At the top, 14 lakes lie right there at your feet. And in good visibility, you can gaze out all the way to the Hohe Tauern range and the mighty Grossglockner.

Your journey takes you from St. Wolfgang across the provincial border between Upper Austria and Salzburg, passing through meadows and forests as far as the Dorneralm siding (elev. 1015 m). The ride continues to the Schafbergalm halt (1364 m), which has been painstakingly restored true to its historical forebear. For the last ten minutes before reaching the Schafbergspitze mountain station (1732 m), the SchafbergBahn chugs steeply uphill one last time.

AN AWARDED EXPERIENCE

Austria's most acclaimed rail- and cableway operators are quality-certified as “Beste Österreichische Sommer-Bergbahnen”. Since spring 2020, the Schafberg-Bahn cog railway has also been a proud member of this initiative sponsored by the Austrian Chamber of Commerce.

WOLFGANGSEE SCHIFFFAHRT

ONE OF
THE
FIVE
TREASURES

WELCOME ON BOARD!

Ferries have been running on Lake Wolfgangsee since imperial times.

On May 20, 1873, the paddle steamer "Kaiser Franz Josef I" set sail for the first time. This 33-meters-long ship with its powerful paddle-wheels was regarded as a major technological achievement in its day. Now as then, this photogenic vintage ship shuttles between the towns of St. Wolfgang and St. Gilgen, and is one of the fleet's main attractions. The difference to earlier is that today's vessel is no longer powered by steam, but rather a diesel engine.

As the biggest inland passenger shipping fleet in Austria, WolfgangseeSchifffahrt ferries invites guests to hop on or hop off spontaneously at seven different boat landings: Ports of call include Strobl, St. Wolfgang and St. Gilgen, along with a number of other beautiful spots. Elegant Jugendstil villas, turquoise waters, the midday chimes of a famous pilgrimage church and the views of the Zwölferhorn and Schafberg promise that pure, ineffable "Salzkammergut feeling"!

HIGH ABOVE THE BAROQUE TOWERS OF SALZBURG

**On the FestungsBahn to the joys of nature above
the city's rooftops.**

A little hidden away, the FestungsBahn is pressed tightly against the steep, rocky mountain deep in the heart of UNESCO World Heritage-listed Salzburg and at the foot of Hohensalzburg Fortress itself. It is ultramodern and one of the most popular methods of transportation in the city of Mozart. In the roughly 130 years of its existence, it has been used by passengers in order to conquer Salzburg's iconic sightseeing attraction in only 54 seconds.

First operating on water power, it began service in 1892: Even back then, the intention was to save visitors the steep slog on foot all the way up to the fortress. After multiple modernizations, the FestungsBahn now proudly boasts being the oldest funicular in Austria still in operation today.

SKIP THE LINE

Buy your ticket in advance online at **5treasures.com** and enjoy direct access to the FestungsBahn funicular without waiting in line.

ASTONISHING ART AND NATURE EXPERIENCES

Float high above the rooftops of the city of Mozart with the MönchsbergAufzug lift.

A 60 m tall lift inside the rock of the Mönchsberg, performing its duty now for over 130 years: In 30 seconds, the MönchsbergAufzug carries passengers from the Salzburg historic district up to one of the most spectacular photo points on the Mönchsberg. Here, amid this extensive green oasis in the heart of the city, culture, nature and cuisine enter into a unique and, in many regards, quite surprising symbiosis. Whether walking, hiking, biking, jogging, trail running or bouldering: The Mönchsberg beckons you to enjoy outdoor exercise in combination with culinary stops and cultural forays. Visits to the Museum der Moderne, the WasserSpiegel, the "Sky Space" on the "Walk of Modern Art" and Hohensalzburg Fortress are highly recommended.

ART PACKAGES

The MönchsbergAufzug is your gateway to pure art enjoyment: Attractive combo offers include the lift ride, entrance to Museum der Moderne Salzburg and a delectable break at Restaurant M32.

DISCOVERY TOUR ON THE TRAIL OF THE WET ELEMENT

In the WasserSpiegel on the Mönchsberg, immerse yourself in the secrets of water.

Water is a playful thing: It makes sense, then, that an exhibition focused on this wet element would also invite you to interact and experiment. Which is exactly what the Wasser-Spiegel does: In addition to numerous interactive stations, a laboratory gives children and teens the opportunity to conduct fun experiments as they explore water and its unique characteristics. The location for this exhibition wasn't chosen by chance. In fact, there are very concrete reasons: It was here on the Mönchsberg, close to the historic Richterhöhe, that an imposing mountain reservoir for drinking water was constructed in 1950. It can hold up to 25 million liters of drinking water, is 8.5 m deep and is today part of the Water Museum. For decades, drinking water from springs and natural sources located in Salzburg's surrounding communities has been pumped to this mighty holding tank, before continuing on its journey into the city itself: the broad network of pipes extends 870 km - roughly the same distance as from Salzburg to Copenhagen. The drinking water then pours from the taps into Salzburg homes, clear, clean and fresh with no further processing necessary.

A visit to the Wasserspiegel museum is only possible for groups by prior registration at info@5schaetze.at.
